Assessment -land revenue - Bellary taluk -suspended revenue of fasli 1336 - collection circular to village officers.

--

Board's reference -H.No. 1448-28-1 dated 8-3-28.

--

The information required by the Board of Revenue is furnished below:-

Q.1- It is a fact that the Tahsildar of Bellary issued a circular to all village officers of Bellary. A copy of circular is enclosed. Clear mention is made therein that no resort should be made to coercive measures. Owing to the harvest of the groundnut crop, money was available with the ryots and in order to take advantage of the opportunity, the Tahsildar issued the circular. It would have been better had the Tahsildar reported what he had done but after all he is responsible for land revenue collection and gets all the blame for delay. I can see no possible objection to the Circular.
It was a pity that the kists of Bellary taluk originally fixed for January, February, ~~and~~ March and April, were shifted to February, March and April, and more than once this Tahsildar, an experienced and energetic officer had told me this change has interefered very greatly with collection work, for in January ryots will usually have money in hand from the sales of their mungari produce. (In this particular case and year they had sold their groundnut crop and were in funds). The circular was a very timely and useful warning to village officers to be on the alert though not to resort to any coercion. They as well as the ryots, as I have reported more than once, have been badly infected with the spirit of resistance to payment of Government dues, deliberately fostered by "Sympathisers". More or less in self defence, a revenue officer has to take all steps to ensure brisk collection work and so lor as no force is used, he is I think entitled to warn village officers of their duties in good time.

2. A statement showing the nunber and names of the villages in which the land revenue for fasli 1336 was collected by

1-2-28 with the amounts of demand and collection noted against each village is enclosed. The fact that fairly large sums were willingly and without coercion paid up before the due date shows that at least some ryots understand their duty in regard to Government dues. Those who did not pay, were no doubt waiting for something to turn up to their advantage from the efforts of Non-Official agitators. Whether eventually the suspended revenue of theprevious fasli was to be collected or further postponed does not alter the question. If this were ro be decided later, the amounts collected would be credited without any difficulty to the kists for fasli 1337 about which there was no idea of recommending suspension this year. If not, the Tahsildar could produce in advance evidence that he had done his best to carry out his duties.

3. The information is noted against the villages in the statement enclosed.

Circular to all Village Officers.

--

Several ryots have represented to me their willingness to pay the entire suspended amount of fasli 1336 as they have now on hand sufficient amount owing to the harvest of mungari crops and they are afraid that the money will be spent later on, all karnam are requested to prepare bakipattis for the entire amount and han them over to the Reddis. The Reddis are requested to collect, without resorting to coersive process and by easy means, such amounts as the ryots consent to pay and remit them into the Treasury. Separate orders will be issued as regards the amounts to be collected in each of the months according to the rules.
